Note: Due to winter storm conditions, the February 28, 2023 public meeting of the CPWG was conducted virtually via an online video/conference platform. A press release reminder of the meeting date was issued to local media. A meeting date reminder and log-in directions were emailed to all community members that signed up on the CPWG Listserv. Meeting-related materials may be found on the Hoosick Area CPWG website www.hoosickareacpwg.org and on the NYSDEC website <http://www.dec.ny.gov/chemical/108791.html>

Discussion Summary:

- I. Welcome – The Paige Group
 - a. Facilitator – The Paige Group
 - i. The Facilitator provided an overview of meeting protocol for online participation
 - ii. The Facilitator provided an overview of the meeting agenda and introduced CPWG Co-chair Patrick Daily

- II. Honeywell OU2 Update – Sasa Jazic, Honeywell

The following is a summary of the update

 - a. OU-02 Municipal Water Supply Update
 - i. Milestone Recap
 1. Record of Decision (ROD) issued by NYSDEC
 2. Recommended remedy: new water supply wells and transmission lines to the water treatment plant
 3. Estimated 2-to-3-year estimated implementation
 - ii. Current Status
 1. Geotechnical investigation complete

**Hoosick Area Community Participation Work Group (CPWG)
Meeting Summary – February 28, 2023**

- a. Objective: evaluate potential alternative path for the watermain line described in ROD
- b. Scope: topographic survey, utility survey, up to 17 shallow borings and 2 deep borings
- c. Sampling: geotechnical laboratory analysis of selected samples
- d. Results: viable option
2. Property owner discussions are ongoing
3. New well field
 - a. Conceptual designs are in progress to address erosion and stabilize the bank
4. Aquifer testing
 - a. Work plan with NYSDEC for approval
- b. CPWG Comments/Questions (Sasa Jazic, Honeywell, responding)
 - i. Q: What is the expected implementation timeline?
A: We are working in parallel with the legal activities related to the agreement and once the agreement is in place all design elements will be detailed on a timeline.
 - ii. Q: Who is responsible for landowner agreements?
A: Industry is taking the lead with landowner discussions and will include the Village and/or NYSDEC, if needed.
- c. Public Comments/Questions
 - i. NONE

III. NYSDEC Update – Ian Bielby, NYSDEC

- a. Agreement Status
 - i. The Village and Industries are working on the details of the agreement parallel to technical work and once the agreement is in place, implementation will begin.
- b. Sewer Infrastructure Inspections
 - i. Work will begin in the coming weeks to determine if and where groundwater has infiltrated the Village sewer system
- c. CPWG Questions/Comments
 - i. NONE
- d. Public Questions/Comments
 - i. NONE

IV. EPA Update

- a. EPA is holding a series of regional virtual listening sessions on EPA's PFAS Strategic Roadmap this spring.
